WINTERSLOW VILLAGE HALL GUIDE

Welcome to Winterslow Village Hall. If you have any problems please look for the solution in this guide, before ringing the Caretaker or a Key holder for help

Please be aware that whilst using the hall the hirer is responsible for the security of the entire building, not just the room(s) that they may be using. To save any unwanted intruders, you are advised to lock the inner door and to use the nearest access point to the room you are using.

CLEANING AND CLEANING EQUIPMENT - Brooms, mops, vacuum cleaner etc., are located in the meter cupboard by the inner doors. The mop in the disabled toilet is for use in the toilets only. The wet mop bucket can be filled from the taps under the sink in the disabled toilet. All mops must be rinsed and excess water should be squeezed out after use to prevent them smelling. There are two V mops, one located in the store cupboard and the other in the meter cupboard, to be used on dry floors only, and must be brushed off after use with a small hard brush to remove the dust etc.

ELECTRICAL EQUIPMENT - Any electrical equipment brought into the Hall, can only be used if it is less than a year old or has a current PAT certificate. A sound limiter has been installed to ensure that noise from electrical equipment does not exceed an acceptable level. Flashing lights will advise you if the sound is too loud and, if ignored, all electrics on stage and the sockets near to the stage will cut out. A reset button is located on the sound limiter. The Caretaker will point these out on arrival.

USE OF PROJECTOR - The projector has the facility to connect to a laptop PC or Apple laptop with either of the following :-

- 1) A VGA 15 pin "D" type plug using the cable we provide or
- 2) An HDMI cable which you must provide.

Please note that some of the latest laptops do not always provide a VGA "D" type socket. If your laptop only has an HDMI socket you must be sure how to setup your laptop to output correctly to an HDMI connected projector. This is not always straightforward. If in doubt you should seek advice from your Laptop supplier.

FIRE – The Village Hall fire announcement (see Appendix 1) must be read out at the start of your event. All the fire exits are to be kept unlocked and free of obstructions at all times, including the fire exit at the back of the stage. In the event of a fire, please ensure that all rooms, including toilets, are evacuated and the Fire Brigade is called. The muster point, on evacuation in the case of a fire, is the Surgery car park.

FUSE BOX - Labelled trip switches are located in the meter cupboard and in the storage area between the toilets and the Recreation Room. The trip switches are extremely sensitive and can cut out all electricity. If this should happen, remove the appliance causing the problem (usually the kettle if it is overfilled), and reset the appropriate trip switch. **DO NOT ATTEMPT ANY OTHER ELECTRICAL REPAIRS!** If you have any problems please contact the caretaker or a key holder.

KITCHEN - Instructions for the use of the Dishwasher, Water Heater, Microwave, Oven and Hob can be found in the Caretaker's drawer.

- **Oven/Hob** - Please use the extractor fan, which can be switched on once the hood has been pulled down. If the oven does not work, check the oven clock and adjust and make sure there is money in the meter. If the oven is still not working re-check the oven clock and timer.
- **Filtered Water** -The narrow tap on the right hand sink provides filtered water, which tastes better when making tea etc.
- **Black bin liners** - Bin liners are kept in the Caretakers drawer. All glass, cans and plastic for recycling must be placed separately in the clear plastic bags provided and removed by the Hirer. All UNUSED FOOD MUST BE TAKEN AWAY. Any full bags of rubbish must be tied and placed in the outside red bins and the swing bin re-lined. Cardboard boxes should be broken-up and placed in big green bin.
- **Tea Towels and J-cloths** - Leave all damp Tea Towels in the small basin for collection by the Caretaker. New J-cloths can be found in the Caretaker's drawer in the kitchen. Old J-cloths can be found under the sink, please use these for spillages etc. and throw away after use.
- **Crockery and Cutlery** - Sharp knives are not left in kitchen. A small amount of cutlery is kept in the cutlery drawer, if you require more, please let the booking clerk know at the time of booking, or the caretaker on arrival at the hall as these are kept in locked cupboards. Crockery is kept in several, labelled cupboards. Please ensure that after use it is put back into the correct cupboard.

PLEASE STACK CUPS ONLY TWO HIGH AND KEEP SAUCERS ON LOWER SHELF. All breakages are to be reported to the Caretaker or Booking Clerk.

METERS - All lighting, (apart from the Recreation Room's extra lighting) and all background heating is included in the hire charge. Extra heating and all sockets are paid for by meters, which take £1 coins only. The meters are in the cupboard, located between the front doors and the kitchen. Please note that there are different meters for different areas, so read the labels carefully before inserting your coins. Please note that Stage end sockets are fed by Stage end meter box.

PHONES – Most mobile phone reception is limited (with the exception of Vodafone). The pay phone, number 01980 863337, and is located in the entrance foyer. There is also a public telephone kiosk to the left as you exit the car park.

PRE-SCHOOL EQUIPMENT - The Pre-school equipment stored at the hall does not belong to the Village Hall and must not be used unless you have been given permission to do so. To request permission please contact the Booking Clerk.

RADIATORS - The night storage heaters provide background heat during the winter months. If extra heating is required, put money in the appropriate meter. Both wall switches nearest the heater should be in the 'on' position. Push the red rocker switch - a red light will come on. Please do not touch the other controls on top of the heaters. Extra heat will now be available until the meter runs out of money. **If any room is too hot, please open windows and do not adjust heaters.**

SOUND & LOOP SYSTEM – For the hard of hearing, our Main Hall has been equipped with a loop system to enhance hearing aids.

TOILETS - Spare toilet rolls are in the Caretaker's drawer in the kitchen. Please remove any used nappies from the Village Hall

WIFI – WIFI is available . The internet connection is Village Hall and the password is pres1.

CLEARING THE HALL – CHECK LIST

Please be aware that the Hall should be cleared, cleaned and vacated by the end of your booking. Extra charges will be incurred should the Hall not be ready for the next user or for the Caretaker to lock up. Please use the following checklist before leaving the hall.

- Sweep/Vacuum and if necessary mop floors in areas of use.
- Empty bins and put in new bin liners
- Unplug any appliances used and replace all safety covers on the 3 pin plug sockets
- Ensure that the cookers/hob are switched off

- Wipe down any tables used before stacking
- If used, please clean the inside of the ovens
- If used, please empty the kettles
- If food has been served, please complete the **Food Hygiene form** (Annex 2) and leave it in the black folder in the caretaker's drawer.
- Switch of all lights (including the toilets). The main entrance light will time out when you leave.
- Radiators: Please put the rocker switches back in the off position. **DO NOT SWITCH OFF THE RADIATORS AT THE WALL SWITCHES**
- Close all windows and ensure all SIX doors are locked: Patio Door, 2 Fire Exit Doors in the main hall, Fire Door behind stage, Fire Exit Door in the table tennis room and inner front door.
- Put all chairs neatly in the racks (none to be placed on top of the racks) **See Appendix 3** for full instructions on how to stack chairs.

Please remember that the caretaker does not clean up after you, it is the hirer's responsibility to sweep and clean the rooms they have used and leave the hall ready for the next user.

THANK YOU FOR HIRING WINTERSLOW VILLAGE HALL

Annex 1

Fire Notice for the start of meetings, functions or events please read out to all present:

Winterslow Village Hall

Your safety is very important to us, so please will you listen to the following safety notice:

- There is a no-smoking policy in this Hall – smoking is not permitted anywhere within the building or near to entrances or exits where people may pass.
- The building is fitted with Fire Alarms.
- In the event of a fire, or when the Alarm sounds continuously, please leave the building immediately.
- Proceed directly to the green Fire Muster point at the Doctors Surgery. The Surgery is at the front of the car park.
- Do not attempt to collect any valuables or personal effects.
- Please point out to the person in charge anyone who is missing or who may be in the toilets. The person in charge will check - providing it is safe to do so.
- Locations of designated exits and escape routes are: two in the Main Hall, one at the left hand rear of the Stage, one in the Table Tennis room. You can also exit via the Main Entrance or the Committee room, if safe. Please leave by the nearest exit.
- You must not return to the building unless instructed to do so by an officer of the Fire Brigade or by the person responsible for controlling re-admission to the building once the all-clear is given.
- If you discover a fire, shout 'fire' loudly and stay calm. There are 'break glass' stations by each designated Fire Exit, and at the main entrance.
- The easiest wheel chair exits are at the rear of the Main Hall (best), or via the entrance – if these are safe to use.

Thank you.

FOOD HYGIENE RECORD

(only complete if supplying food)

Date of function			
Name of Hirer or Group using Hall			
Names and addresses of people providing food:-	1		
	2		
	3		
	4		
Type of food provided:- Cold buffet/cakes and buns/hot meal/sandwiches etc.
